Management Discussion and Analysis

Your Directors have pleasure in presenting the Management Discussion and Analysis report for the year ended on 31st March 2024

Industry Structure and Development:

The pesticide industry is highly fragmented, competitive, and vulnerable to big changes in local demand, making prices extremely volatile. The ferroalloy market is expanding rapidly and is highly reliable. As a result, the company's demand and profits from the ferroalloys industry are expanding.

Opportunities and Threats:

The company is taking maximum efforts to capitalize on business opportunities & further expect a better outlook in the coming years. The threats to the segment in which the company operates are pricing pressure arising due to competition from low cost suppliers, technology up gradation, severe competition and newly emerging competitive nations and stricter environment laws.

Strength:

The existing management has a strong technical, finance and administrative expertise in the business of the Company.

Risks and Concerns:

Your company invests more on receivables and needs to sell pesticides to customers with a long credit period. However since the company is into manufacturing activity It is attributed to all the risk and concerns attached with the industries as a whole.

Internal Control System and their Adequacy:

The internal control system is looked after by Directors themselves, who also looked after the day to day affairs to ensure compliances of guide lines and policies adhere to the management instructions and policies to ensure improvements in the system. The Internal Audit reports are regularly reviewed by the management. The Company has proper and adequate internal control system commensurate with the size of the business operations geared towards achieving efficiency in its various business operations, safeguarding assets, optimum utilization of resources and compliance with statutory regulations. Efforts for continued improvement of internal control system are being consistently made in this regard.

Human Resources vis-a-vis Industrial Relations:

The Company values and appreciates the dedication and drive with which its employees have contributed towards improved performance during the year under review. The relations with workers and staff are cordial during the year under review. All issues pertaining to staff matters are resolved in harmonious and cordial manner.

Cautionary Statement:

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates changes in the Government regulations, tax laws, and other statutes and other incidental factors.

Phyto Chem - Annual Report - 2023-24

Independent Auditor's Report

To

The Members of Phyto Chem (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of Phyto Chem (India) Limited ('the Company'), which comprise the Balance Sheet as at 31 March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes forming part of financial statements, including a summary of Material Accounting Policies and other explanatory information (hereinafter referred to as 'the financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2024 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and informing our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1	<p>Timing of Revenue recognition in the proper period as per Ind AS 115.</p> <p>Refer to Note-2.18 (Material Accounting Policies on Revenue Recognition).</p> <p>In accordance with Ind AS 115, Revenue from Contracts with Customers, revenue from sale of goods is recognized when control of the products being sold is transferred to the customer based on terms of sale. Revenue is measured at consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> i. We evaluated the design and tested operating effectiveness of the relevant controls with respect to revenue recognition including those relating to cut off at year end; ii. We assessed the appropriateness of the revenue recognition accounting policies in line with Ind AS 115 "Revenue from Contracts with Customers"; iii. We performed substantive testing of revenue transactions, recorded during the year by testing the underlying documents which included

	<p>a customer, excluding amounts collected on behalf of third parties. The transaction price of the goods sold is net of variable consideration on account of various discounts offered by the Company as part of contract.</p> <p>We identified timing of revenue recognition in the proper period as a key audit matter since it involves higher assessed risk of material misstatement and is required to be recognized as per the requirements of applicable accounting framework.</p>	<p>customer order and directions, goods dispatch notes, shipping documents and customer acknowledgments as applicable;</p> <p>iv. We tested a sample of manual journal entries posted to revenue and assessed their appropriateness;</p> <p>v. We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date including examination of credit notes issued after the year end to determine whether the revenue has been recognized in the appropriate financial period. Based on the above stated procedures, no significant exceptions were noted in revenue recognition.</p>
2	<p>Trade Receivables:</p> <p>The trade receivables stands at Rs.1568.76 lakhs which constitutes 105.92% of total turnover for the financial year 2023-24.</p> <p>This indicates a very low average collection period of trade receivables, and the age profile of the trade receivables indicates that 61.08% of trade receivables are over dues are in the age-wise bucket of 6 months to 36 months.</p> <p>Against the outstanding trade receivables, the Company made a provision for doubtful debts at (ECL) Rs.5.95 lakhs.</p> <p>The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the areas where it operates, in calculating expected credit losses, the Company also considered credit reports and other related credit information for its customers to estimates the probability of default in future.</p> <p>The estimation of realisable debts involves significant management judgements. Since amount involved is material and significant management judgement, we consider this as one of the key audit matters.</p>	<p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <p>We have evaluated the methodology for age-wise bucketing of trade receivables and key assumptions underlying the probability of default estimates on the same, to ascertain that the same were broadly in-line with the Corporation's historical default rates.</p> <p>We tested the effectiveness of controls over the (1) development of the methodology for the allowance for credit losses, including consideration of the current and estimated future economic conditions, (2) completeness and accuracy of information used in the estimation of probability of default, and (3) computation of the allowance for credit losses.</p> <p>For a sample of customers we tested the input data such as credit reports and other credit related information used in estimating the probability of default by comparing them to external and internal sources of information.</p> <p>We evaluated the incorporation of the applicable assumptions into the estimate of expected credit losses and tested the mathematical accuracy and computation of the allowances by using the same input data used by the Company.</p>
3	<p>Downfall of Turnover and incurring of heavy losses:</p> <p>Drastic reduction in turnover of the Company and incurring heavy losses during the financial year 2023-24.</p> <p>Refer to note no.21 of enclosed Standalone</p>	<p>Our Audit procedures included and were not limited to the following.</p> <p>Reviewed the selling prices of the main products of the Company with that of the previous year rates to know the reason for low turnover.</p>

Phyto Chem - Annual Report - 2023-24

S. No.	Key Audit Matter	Auditor's Response
	<p>financial statements of the Company.</p> <p>During the financial year 2023-24, the Company has incurred heavy loss of Rs.333.93 Lakhs due to drastic reduction in the turnover of the Company.</p> <p>The turnover of the Company has been reduced to Rs.1481.07 Lakhs from Rs.2561.77 Lakhs in the FY.2022-23.</p> <p>Management asserts that the reduction of turnover is due to reduction in prices of products produced by the Company due to cut-throat competition in the market. It is stated that consumption of pesticides products reduced globally in the recent past and as a result export trade of the pesticide industry has gone down. In order to liquidate the shelf life based products produced, the Giant Companies of the Industry had dumped the domestic market with their material due to lack of export trade.</p> <p>The retail buyers utilised this situation and bargained for lower prices and higher credit period. Both these factors contributed in reduction of turnover and mounting of trade receivables of the Company. As a result of this situation, Company could not lessen the bank credit burden and reduce the financial cost for this year even though Low activity during this year. In addition to the finance cost the fixed expenses like staff salaries, travelling expenses, depreciation etc., have not been reduced despite of low production activity and resulted in heavy loss.</p> <p>Since it is felt by the Management that the situation is permanent in nature and affects the Going Concern Status of the Company in the long run, the management has decided to switch over to alternative avenues and started Ferro Alloys business to save the existence of the Company.</p> <p>As the losses incurred and turnover reduced are material in nature, it is considered to treat this area as a Key Audit Matter.</p>	<p>Reviewed the percentage of credit period allowed to the buyers and noted that it is 100% higher to that of credit period allowed by the bankers of the Company.</p> <p>Reviewed the trend of the industry by verifying online the turnovers and profitability of the Giant Companies of the industry and the medium sized Companies of the industry and noted that there was huge downfall in both turnover and profitability.</p> <p>Reviewed the minutes of the Board meetings and Committee meetings to observe the stage of alternative business efforts and noted that the activity has been commenced before the signing of the audit report after the balance sheet date.</p> <p>Assesed the competence of internal and external specialists involved in the process.</p> <p>Reviewed the alternative business disclosures made by the Board reports.</p> <p>Our procedures as mentioned above has proved the indication of downfall of pesticide industry in the country.</p>

Information other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and sustainable Report, Corporate Governance and Shareholder's information, but does not include the consolidated financial statements and financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with Governance for the Financial Statement

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standard ('Ind AS') and other accounting principle generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Phyto Chem - Annual Report - 2023-24

- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- * Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- * Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.
- * Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- * Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in 'Annexure-A' a statement on the matters specified in paragraphs 3 and 4 of the Order.

Phyto Chem (India) Limited

As required by section 143(3) of the Act, based on our audit we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
- e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of section 164 (2) of the Act.
- f. With respect to the adequacy of the internal controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure-B'. Our report expresses an unmodified opinion on the adequacy and the operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
- g. With respect to other matters to be included in the Auditors Report in accordance with requirements of section 197(6) of the Act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid by the Company to its directors during the year is within the limits prescribed as per the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note.38 to the Financial Statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts (including derivative contracts).
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

Phyto Chem - Annual Report - 2023-24

- b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend is declared or paid during the year by the Company and accordingly, compliance with section 123 of the Act is not applicable to the Company.
- vi. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.

Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, we did not come across any instance of the audit trail feature being tampered with.

Annexure-A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Phyto Chem (India) Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's property, plant and equipment, right-of-use assets and intangible assets:
 - (a) (A) The Company has maintained records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets. However, the register is under updation.
 - (B) The Company has no intangible assets, accordingly provisions of clause 3(i)(a)(B) are not applicable to the Company for the period under review.
 - (b) The Company has a regular programme of physical verification of its Property, Plant and Equipment, and right-of-use assets so to cover all the assets are verified over a period of three years, in our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, applicable portion of fixed assets for the current year were physically verified. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the standalone financial statements are held in the name of the Company.
 - (d) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year. Hence the reporting under clause 3(i)(d) is not applicable to the Company for the period under review.
 - (e) According to the information and explanation given to us and on the basis of our examination of the records of the Company, there are no Proceeding have been initiated during the year or are pending against the Company as at 31 March 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statements does not arise.
- ii.
 - (a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. There were no material discrepancies noticed on verification between the physical stock and the book records.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the books of account other than those as set out below. The Company has not been sanctioned any working capital limit from the financial institutions.

 - (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
 - (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order does not arise.
 - (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us. The Company has not received any whistle blower complaints during the year.
- xii. The Company is not a Nidhi Company as prescribed under section 406 of the Act and accordingly, nothing to comment on this clause.
- xiii. In our opinion, and according to the information given to us, the Company is in compliance with sections 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

 - (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order does not arise.
 - (b) In our opinion, there is no core investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order does not arise.

Phyto Chem - Annual Report - 2023-24

- xvii. The Company has incurred cash losses of Rs.299.69 lakhs during the financial year 2023-24 and it has not incurred any cash loss for the financial year 2022-23.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. As per the provisions of Rotation vide Sec.139 (2) earlier auditor retired and new auditor has been appointed after a gap of five years.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanation given to us by the Company and on verification of records, the provisions of section 135 (Corporate Social Responsibility) of the Act are not applicable to the Company for the period under review.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements as the Company is not having any subsidiary Company. Accordingly, no comment in respect of the said clause has been included in this report.

Phyto Chem (India) Limited

Annexure-B to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Phyto Chem (India) Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Phyto Chem (India) Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the Orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls over to financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Phyto Chem - Annual Report - 2023-24

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Phyto Chem (India) Limited

Notes forming part of financial statements for the year ended 31st March 2024

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Note1: Corporate information:

Phyto Chem (India) Limited ("the Company") was incorporated on 11th January 1989 having its registered office at # Survey No. 628, Temple Street, Bonthapally - 502 313, Gummadidala Mandal, Sangareddy District, Telangana State, India. It is incorporated under the Companies Act as limited Company and is limited by shares. The shares of the Company are listed on the Bombay Stock Exchange Limited, Mumbai.

The Company is engaged in manufacturing of pesticides.

The financial statements were approved for issue by the Board of Directors on 29th May 2024.

Note 2: Material accounting policies:

2.1 Statement of compliance:

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time and other relevant provisions of the Act and presentation requirements of Division II of Schedule III of Companies Act, 2013.

2.2 Basis of preparation of financial statements:

The financial statements have been prepared on historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Financial Statements have been prepared on historical cost convention on accrual basis of accounting except for certain financial instruments that are measured at fair value. GAAPs of Indian Accounting Standards as specified in Section 133 of the Act read together with Rule 4 of Companies (Indian Accounting Standard) Amendment Rules, 2016 to the extent applicable, pronouncements of regulatory bodies applicable to the Company and other provisions of the Act. Accounting Policies have been consistently applied except where a newly issued Indian Accounting Standards is initially adopted or revision to existing Indian Accounting Standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised Indian Accounting Standards on an on-going basis.

The material accounting policy information related to preparation of the standalone financial statements have been discussed in the respective notes.

2.3 Basis of measurement:

All assets and liabilities are classified into current and non-current based on the operating cycle of twelve months or based on the criteria of realisation/ settlement within twelve months period from the reporting balance sheet date.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within twelve months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Material accounting policies (Contd...)

- c. It is due to be settled within twelve months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively.

All other assets/ liabilities are classified as non-current. Deferred tax assets and liabilities are always disclosed as non-current.

2.4 Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their in cash and cash equivalents. The Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities.

2.5 Accounting estimates:

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognized in the period in which they are determined.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates is revised if the revision effects only that period or in the period of the revision and future periods in the revision effects both current and future periods.

- a. **Depreciation and amortization:** Depreciation and amortization is based on Schedule II to the Companies Act, 2013, which describes useful lives of property, plant and equipment and intangible assets.
- b. **Provisions and contingencies:** Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.
- c. **Fair valuation:** Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows: Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and Level 3: Inputs are unobservable inputs for the asset or liability. For assets and liabilities that are recognized in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair

value measurement as a whole) at the end of each reporting period.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or reassessed in line with the Company's Accounting Policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.6 Critical accounting judgements and key source of estimation uncertainty operating cycle:

In the application of the Company's accounting policies, the management of the Company are required to make judgments, estimates and assumptions about the carrying amounts of the assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates is revised if the revision effects only that period or in the period of the revision and future periods in the revision effects both current and future periods. The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effects on the amounts recognized in the financial statements.

2.7 Provisions, contingent liabilities, contingent assets and onerous contracts:

Provisions:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settled the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company.

A present obligation arising from past event, when it is not probable that as outflow of resources will be required to settle the obligation.

A present obligation arises from the past event, when no reliable estimate is possible.

A present obligation arises from the past event, unless the probability of outflow are remote. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Material accounting policies (Contd...)

Onerous contracts:

A provision for onerous contracts is measured at the present value of the lower expected cost of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes the impairment on the assets with the contract.

Contingent assets:

Contingent assets are not recognized in the Standalone financial statements.

2.8 Useful lives of depreciable assets:

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2024 management assessed that the useful lives represent the expected utility of the assets to the Company.

Further, there is no significant change in the useful lives as compared to previous year.

2.9 Functional and presentation currency:

These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees.

Foreign currencies:

In preparing the financial statements of the Company transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-Monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

For the purpose of presenting these financial statements, the assets and liabilities of the Company's foreign operations are translated into currency units using exchange rates prevailing at the end of each reporting period.

2.10 Property, plant and equipment:

Recognition and measurement:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within in the statement of profit and loss.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Material accounting policies (Contd...)

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up. Property, Plant and Equipment which are not ready for intended use as on the date of balance sheet are disclosed as "Capital Work-in-Progress". Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired separately:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Depreciation:

Depreciation is recognized in the statement of profit and loss on Straight Line basis over the estimated useful lives of property, plant and equipment based on Schedule - II to the Companies Act, 2013 ("Schedule"), which prescribes the useful lives for various classes of tangible assets. For assets acquired or disposed off during the year, depreciation is provided on pro rata basis. Land is not depreciated. Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period with the effect of any changes in estimated useful lives residual values and impairment loss, if any, and are accounted for on a prospective basis.

Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews that carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cashflows are discounted to their present value using a pre tax discount rate that reflects current market assessments of the time value of the money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the

increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Leases:

At the inception of the contract the Company determines whether the Contract is a Lease or Lease arrangement. A Contract is, or contains, a Lease if the Contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises right of use asset representing its right to use the underlying asset for the Lease commencement date.

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. Right of use asset is depreciated using straight line method over useful life of right of asset.

The Company measures the Lease liability at the present value of Lease payments that are not paid at the commencement date of Lease. The Lease payments are discounted using the Interest rate implicit in the Lease, if that cannot be readily determined the Company uses Incremental borrowing rate.

Right of use asset is depreciated using straight line method over useful life of right of asset. The Company has elected not to apply in Ind As 116 to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of no value. The lease payments in such cases associated with these Leases are recognised as expenses on a straight line basis over the lease term.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows wherever applicable.

2.12 Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets:

i. Initial recognition:

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or Sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Material accounting policies (Contd...)

ii. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in the following categories:

a. Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognized in the Statement of Profit and Loss.

b. Financial assets measured at fair value:

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. Investment in Equity Instruments are designated as Financial Assets measured at fair value through OCI and Investments in Mutual Funds are designated as Financial Assets measured at fair value through statement of Profit and Loss on date of transition.

c. Impairment of financial assets:

In accordance with Ind AS 109, expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18. As Company trade receivables are realized within normal credit period adopted by the Company, hence the financial assets are not impaired.

d. De-recognition of financial assets:

The Company de-recognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

e. Other financial assets:

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

(All amounts in Indian Rupees in lakhs, except share and per share data and where otherwise stated)

Material accounting policies (Contd...)

B. Financial liabilities:

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

i. Initial recognition:

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognized initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. Fees of recurring nature are directly recognised in the statement of profit and loss as finance cost.

ii. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

a. Financial liabilities at FVPL:

Financial liabilities at FVPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

iii. De-recognition of financial liabilities:

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Impairment of non-financial assets:

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generated Units (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.13 Cash and cash equivalents:

Cash and Bank balances comprise of cash balance in hand, in current accounts with banks and Bank Fixed Deposits with maturity of 3 months or less than 3 months. Balances with banks

earmarked for a purpose (like dividends) are shown separately.

Cash flow Statement:

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payment and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.14 Employee benefits:

Short term employee benefits:

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plan:

The Company's contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur.

Defined contribution benefits:

The Company has an obligation towards gratuity, a defined benefit plan covering eligible employees. The plan provides for lump sum payment on retirement, death while in employment or on sepration.

2.15 Borrowing cost:

Borrowing costs are charged to the Statement of Profit and Loss except in cases where the borrowings are directly attributable to the acquisition. Construction or production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

2.16 Government grants:

Ind AS 20 gives an option to present the grants related to assets, including nonmonetary grants at fair value in the balance sheet either by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset. Accordingly Sales Tax Deferment amount payable to Department has been considered as Government Grant and considered the interest expenses and amortization benefit in Profit and Loss Account and Balance Sheet.

2.17 Estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

2.18 Revenue recognition:

Revenue from contracts with customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of income can be measured reliably. Revenue is net of returns and is reduced for rebates, trade discounts, refunds and any other taxes collected on behalf of government such as GST etc.

Sale of goods:

Revenue from sale of goods is recognised when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised is based on the consideration expected to be received in exchange for goods, net of trade discounts, volume discounts, sales returns and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, goods and services tax, etc., where applicable. Invoices are payable within contractually agreed credit period. Any additional amounts based on terms of agreement entered into with customers, is recognised in the period when the collectability becomes probable and a reliable measure of the same is available.

Sale of services:

Revenue from rendering of services is recognised by measuring the progress towards complete satisfaction of performance obligations at the reporting period and there are no unfulfilled obligations.

Other income:

Other income includes Dividend, Interest, Profit/ (Loss) on sale of Investments, Commission, Professional and Technical Services and other miscellaneous receipts if any. Dividend income from investments is recognized when the Company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time proportionate basis, by reference to the principle outstanding and at the effective interest rate applicable. Commission income is recognised when the economic benefits associated with the transaction will flow to the entity or the amount of revenue can be measured reliably.

When the transaction involving the rendering of services is estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of the transactions can be estimated reliably when all the following conditions are satisfied: (a) the amount of revenue can be measured reliably; (b) it is probable that the economic benefits associated with the transaction will flow to the entity; (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

2.19 Income tax:

Current tax:

Current income tax is recognised based on the estimated tax liability computed after considering the tax effect under new tax regime u/s 115 BAA opted by the Company and taking credit for

Phyto Chem (India) Limited

Notes forming part of financial statements for the year ended 31st March 2024

Material accounting policies (Contd...)

allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax:

Deferred tax is determined by applying the Balance Sheet approach. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that effects neither the taxable profit nor the accounting profit. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2.20 Earnings per share:

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.21 Inventories:

Inventories are valued at lower of cost, determined on "Weighted average" basis and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packing materials, stores, spares and consumables: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods and work-in-progress: cost includes direct materials, labour and a proportion of manufacturing overheads based on the normal operating capacity, but excludes borrowing costs.

Stock-in-trade: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

2.22 Trade receivables:

A receivable is recognised if an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). The Management has established a

credit policy under which each new customer is analysed individually for credit worthiness before the Company's standard payment terms ranging from the date of invoice to 180 days are offered. Terms of payment for sale of services are ranging from on presentation of bill to 180 days.

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109 'Financial Instruments', which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

2.23 Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

2.24 Fair value of investments:

The Company has invested in the equity instruments of various companies. However, the percentage of shareholding of the Company in such investee companies is very low and hence, it has not been provided with future projections including projected profit and loss account by those investee companies. Hence, the valuation exercise carried out by the Company with the help of available historical annual reports and other information in the public domain.

2.25 New standards and interpretations not yet adopted:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

2.26 Segment accounting and reporting:

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the standalone financial statements.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

The accounting policies adopted for segment reporting are in line with the accounting policies adopted for preparing and presenting the Standalone Financial Statements of the Company as a whole. In addition, the following specific accounting policies have been followed for segment reporting: **Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter segment transfers. Inter segment transfers are accounted for based on the transaction price agreed to between the segments which is at cost in case of transfer of Company's intermediate and final products and estimated realisable value in case of by-products.

**Revenue, expenses, assets and liabilities are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on direct and/or on a reasonable basis, have been disclosed as "Unallocable".

2.27 Assets (or disposal group) held for sale and discontinued operation:

Assets (or disposal group) are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use and a sale is considered

highly probable. Assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell.

An impairment loss is recognized for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognized for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the non-current asset (or disposal group) is recognized at the date of de-recognition.

Assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

- Represent as separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations.

Discontinued operations are excluded from the results of continuing operations and are presented as profit or loss before/ after tax from discontinued operations in the statement of profit and loss.

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note 36: Financial risk management

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk and market risk. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

a. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Trade receivables - The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses Expected Credit Loss (ECL) model for assessing the impairment loss. As Company trade receivables are realised within normal credit period adopted by the Company, the financial assets are not impaired.

Financial assets that are neither past due nor impaired - None of the Company's cash equivalents, including deposits with banks, were past due or impaired as at 31st March 2024.

b. Liquidity risks

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

As of 31st March 2024 and 2023, the Company had unutilized credit limits from banks of Rs.NIL and Rs.NIL respectively.

As of 31st March 2024, the Company had working capital (current assets less current liabilities) of Rs.651.86 lakhs including cash and cash equivalents and bank balances other than cash and cash equivalents of Rs.16.33 lakhs, as against the Company's working capital of Rs.1110.34 lakhs as on 31st March 2023 including cash and cash equivalents and bank balances other than cash and cash equivalents of Rs.6.59 lakhs.

c. Market risks

Market risk is the risk that changes in market prices such as commodity prices risk, foreign exchange rates and interest rates which will affect the Company's financial position. Market risk is attributable to all market risk sensitive financial instruments. Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Interest rate risk, Foreign currency risk and Commodity risk.

d. Interest Rate Risks

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in Market Interest Rates. The Company is not having any debt obligation with floating interest rates.

e. Foreign Currency Risks

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not having any debt obligations with floating interest rates.

f. Commodity Price Risks

The Commodity Price risk is affected by the price volatility of certain commodities. The Company is not having any exposure for any commodity.

Sale of goods:

Revenue from sale of goods is recognised when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised is based on the consideration expected to be received in exchange for goods, net of trade discounts, volume discounts, sales returns and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, goods and services tax, etc., where applicable. Invoices are payable within contractually agreed credit period. Any additional amounts based on terms of agreement entered into with customers, is recognised in the period when the collectability becomes probable and a reliable measure of the same is available.

Sale of services:

Revenue from rendering of services is recognised by measuring the progress towards complete satisfaction of performance obligations at the reporting period and there are no unfulfilled obligations.
